

“THE BEST COWBOY” (GETS IT DONE)

Here they come running away
From chaos and defeat
To our U S of A

They are all God's children too
They have a heart that feels
Just like me just like you

Can't be just me who believes
We all deserve a chance
To dance with humanity

Help them with papers and pen
Let due process begin
Then send 'em back or let 'em in

CHORUS:

Step up and be the light
Lend a hand hold on tight
Real heroes don't need a cape
Delegate wave a poster
The best cowboy gets it done
With his gun... in his holster

Right and wrong have been replaced
Right and left spin disgrace
Let's save our nation's face

News of fake news everywhere
Fact check and research
Spare me, I'm pullin' my hair

When hate is hijacking good
Often words are spoken
"n then misunderstood

The GREATER GOOD is our base
So if you're speaking of peace
Bring Dignity and bring Grace

CHORUS

Bridge:

We always stood for peace
And understanding
Our constitution, withstanding
No matter what you accept in a crowd
If you wear a ball cap or a cowboy hat
With respect wear it proud

CHORUS
